HAYWOOD DEMOCRATS HOLD CONVENTION

ADMINISTRATION OF WILSON AND RYE ENDORSED.

Large Delegation Named to Attend State Convention in Nashville May 17.—Meeting Harmonious. Candidates Introduced.

Carrying out instructions of the county democratic committee, the democrats of Haywood county met on Saturday, March 25, in mass convention for the purpose of naming delegates to the state convention and transacting other business.

The convention was called to order by H. L. Currie, chairman of the county committee, and was organized by the election of William Kinney as permanent chairman and F. R. Ogilvie secretary.

The following resolution was then introduced by Mann Wills and adopted by unanimous vote:

"Be it resolved by the democrats of Haywood county in mass convention assembled on this the 25th day of March, 1916, that we endorse and without reservation the splendid and patriotic administration of President Woodrow Wilson, and especially his course in keeping the United States at peace with the world during this almost world wide war, and the delegates from this convention will vote only for delegates to the national convention who are thoroughly in accord with President Wilson and his policies."

"For Governor, we hereby instruct the delegates from this convention to vote as a unit for Tom C. Rye, who has redeemed the state and placed it in the democratic ranks where it justly belongs, and has kept his platform pledges, and has seen that the laws of the state were observed and we hereby heartily endorse him and his administration of the affairs of state."

"We also endorse the candidacy of John L. Dupree for one of the delegates to the national convention from the 9th Congressional District, and instruct our delegate to use all honorable means to secure his election."

A motion was made by J. W. E. Moore that a committee of five be named by the chair to recommend delegates to the state convention. This motion prevailed and the following committee was appointed: J. W. E. Moore, W. R. Kinney, J. B. Powell, C. G. Shaw and David Lanier.

While this committee was transacting business, candidates for the lower house and Judge J. H. Estes, candidate for the state senate, were introduced to the convention and made short talks. Mr. Stuart said that he had no hobby but that if elected to the office which

he sought he would endeavor to post himself so that he might faithfully, fairly and intelligently represent the people of Haywood county and that he would vote for every good measure and against everything that might prove detrimental to his constituents.

Mr. Graves stated that he was for good roads and better schools and for anything that was for the uplift of humanity. He would support his party and his people and would at a more opportune time place before the people those principles which would guide him if elected to this important position. Judge Estes said that he had been an officer in this county for the past forty years and that in asking his people to elect him to the senate, he was standing on the record which he had made. That, if elected, he would use his best judgment with the desire to better both state and county. He would always be found standing behind his party and would fight for the right, as he saw it, without fear or favor.

At the close of the speech making Currie Dixon introduced a motion that no proxies be allowed in the delegation from Haywood county at the state convention. The motion prevailed. At this point the committee on delegates reported, recommending the following delegates to the state convention, and they were duly elected:

Lower House Impeaches Edgington and Estes

UNANIMOUS VOTE AGAINST EDGINGTON AND 85 TO 1 AGAINST ESTES, STRAUS OF SHELBY VOTING FOR ESTES—INVESTIGATING COMMITTEE RECOMMENDS IMPEACHMENT BY UNANIMOUS VOTE—PROSECUTORS ELECTED BY THE HOUSE.

The house met at 11 o'clock Wednesday. A quorum was found present.

Mr. Shropshire submitted the following report of the house investigating committee:

"Mr. Speaker: Your committee, appointed to take evidence as per recommendation under house resolution No. 2, for the purpose of establishing a prima facie case, under instructions that they be guided by the same rules and principles as a grand jury in the state in finding indictments, respectfully reports that they took the sworn testimony of witnesses in accordance with their said instructions, which evidence, with certain exhibits, is hereto affixed."

We find that the charges contained in house resolution No. 2 have been sustained, and, therefore, find that a prima facie case for the impeachment of Jesse Edgington, judge of the first division, Criminal Court of Shelby county, has been established.

That your committee further finds and reports that said evidence established prima facie that said Jesse Edgington, judge as aforesaid, is guilty of committing divers crimes and offenses while acting as judge and in his official capacity, and that charges be formulated and specifically set out in separate counts by three members of the house, to be elected to prosecute said articles of impeachment on the trial thereof before the senate, as is customary in such cases, according to the constitution of the state.

We, therefore, recommend that Jesse Edgington, judge of division 1 of the Criminal Court of Shelby county, be impeached, and that the house elect three members as managers to prepare articles of impeachment and prosecute the same before the senate."

ADDITIONAL LOCAL.

The second quarterly meeting for the Brownsville Methodist church was held in the church Tuesday night and was presided over by Dr. H. B. Johnston, P. E. There was a full attendance of the official board and the reports of the pastor, Rev. A. C. Bell, were of a most encouraging nature. The final report of the treasurer, Howard Bennett, was good. The question of enlarging the church building was considered and met the strong approval of the official board.

For Sale—My new residence on Key Corner street, just completed, with all modern conveniences—strictly up-to-date. Will sell or trade for good up-to-date farm land. You can call and see me at the Pythian Hotel Saturday, April 1st, from 10 to 12 o'clock a. m. Mrs. W. I. Whitten, Brownsville, Tenn., P. O. Box 134, phone 230.

Last Saturday the last Haywood county teachers' meeting for this school year was held at the High School in Brownsville. Notwithstanding the fact that the day was wet and cold, there was a fairly good attendance and the program was an interesting one. These meetings have been well attended all the year and the interest taken probably greater than ever before in Haywood county. Almost every teacher in the county has expressed a determination to attend the West Tennessee Teachers' Meeting which convenes in Memphis April 13-15. This meeting will be of great advantage to all teachers and a record breaking attendance is expected.

Mayor Keathley received a letter from Mayor Littleton of Chattanooga a few days ago stating that a convention would be held in Chattanooga on May 15, 1916, for the purpose of discussing organization in the south for National defense. All mayors of the south and west have been invited to interest themselves in this convention and each has been requested to name twelve delegates from his town. Mayor Keathley has complied with the request and has named the following delegates to the convention: Jno. O. Bomer, R. M. Chambliss, F. R. Ogilvie, Mann Wills, R. N. Bond, James Tipton, I. J. Ffessenthal, Joe Sternberger, A. M. Marr, J. W. E. Moore, Judge John R. Bond, E. C. King.

INTER-SCHOOL CONTEST.

On Friday, April 7th, at 10 a. m., the First Inter-Grammar School contest for Haywood county will be held. The only features in this contest will be in oratory and expression.

Each school of the county has the privilege of sending one boy to compete in the oratorical contest and one girl to compete in the expression contest.

It is hoped that all the schools of the county will participate in this and that this can be made a permanent organization.

Competent judges will be on hand to decide the winners, and it is to be hoped that suitable medals can be secured.

The contestants and their teachers will be the guests of the Haywood County High School on that day.

It is necessary that you report the names of contestants and their subjects to W. M. McLaurine not later than April 3rd, so that programmes may be printed and proper entertainment may be provided.

In conclusion, remember that the pieces are not to be original, as the contest will be judged only on oratory and expression.

Feed Out Your Hogs 6 Weeks Earlier.

In every lot of hogs on feed two or three weeks quickly and actually eat less than others. If all would fatten like these, the entire drove would be ready for the market six weeks earlier and to save six weeks feed is an item that you fully understand.

The hog that fattens easily must be in prime condition. The B. A. Thomas Hog Powder is a conditioner for hogs. It keeps their system clean and healthy and enables them to fatten quickly without falling a prey to the usual diseases of hogs. The B. A. Thomas Hog Powder is not stock food. It's straight medicine, and we took the agency because it enables you to feed out your hogs much earlier. L. M. Short.

An automobile got stuck in a mud hole inside the corporation a few days ago. What do you think of that? It doesn't sound good for a town that has the splendid reputation for good streets which Brownsville possesses, does it? True it was a side street, but we must keep them in repair, too.

METHODISTS PLANNING TO ENLARGE CHURCH

SUBJECT DISCUSSED AT QUARTERLY CONFERENCE

Committee Appointed With Power to Employ Architect; Will Report Plans to Official Board at Next Monthly Meeting.

The question of enlarging the Methodist church in Brownsville has been under consideration by that congregation for some time as the present building is entirely too small, especially for Sunday School purposes.

At the quarterly conference Tuesday night, the subject was brought up by the Sunday school superintendent and apparently met with the approval of the entire official board. On motion the chairman was instructed to appoint a committee of five, whose duty it shall be to secure the services of an architect, and with his aid, present plans for the enlargement of the building to the official board at its regular meeting on the fourth Tuesday in April. The committee is composed of the following gentlemen: Jno. O. Bomer, G. W. Lyle, William Kinney, W. J. Taylor and J. D. Currie.

The membership of the Brownsville church is well over six hundred and the Sunday school is large in proportion. The present building is entirely inadequate to meet the demands and the movement to enlarge the building is a splendid step forward and will be hailed with delight by the entire congregation.

The present building was erected about sixteen years ago and in many respects it is one of the most attractive in the Memphis conference. The Sunday school facilities have always been inadequate and especially so during the past few years. The roof of this building has never given satisfaction and the contemplated changes will remedy this defect. There is plenty of room adjacent to the building and owned by the church for the extension contemplated, and those familiar with conditions believe the change can be effected without the expenditure of a very large sum of money.

Woman Cures Horse Colic.

The men were away as usual. The horse was bad. A lone woman could not "drench" in the old way—but "We have Farris Colic Remedy that you drop on the horse's tongue," says Mrs. Neighbor, so she came over and dropped Farris Colic Remedy on the horse's tongue and the horse was well when the men came home. Moral: Get Farris Colic Remedy so the women can cure horse colic. We sell it for 50c a bottle on the money back plan. L. M. Short.
